

## When I Look At You

Judy Garland

I was just lonely melisande,  
Pity, pity me.  
Came a little wizard,  
Waved his wand,  
Dreamed you up for me

Now I feel a tingle  
Each time I glimpse  
Your face go dreaming by;  
Proving the heart is quicker than the eye

When I look at you,  
I hear lovely music,  
Can it be my heart that sings?  
When I look at you,  
I look at an angel,  
Tell me where you've parked your wings

Dizzy me, silly moon  
Crazy quilt of a sky  
Are you real, or a dream  
That got caught in my eye?  
When I look at you,  
I, I'm looking at rainbows.

Stars come tumbling down from above,  
And I'm in love with you my love.
