Nights like this I wish  
That rain drops would fall.....

Ay Grandma and Grandpa  
Look at ya grandson, I done made it far  
Damn nana, I know its killing ya bones that damn cancer  
I wish i had an answer,but i dont im jus wishin for an answer  
Watchin my mamma cry, shes watchin her mamma die  
Every second im drying my mamma eyes, she so proud of her son  
See right through my mamma eyes, she jus follow the drips  
U cant dodge the rain but u can follow the drips  
And every drop of rain that falls,  
has a drop a pain involved,you better believe  
88 cocaine it solves, now the dope came in charge yup  
I see my niggaz for what they really are,what we really are  
The dips we really are, let it rain

Nights like this I wish  
That rain drops would fall.....  
(i know u wishing it would rain)  
Nights like this I wish  
That rain drop would fall.....

It has been long fights like this  
Long days ,long nights nights like this  
Im wishing for rain. Nothing but the wind ever came  
Little girls with they skirt up, the world's getting worser  
Man i twirled through the world in a roaster  
Twirling the smoke up, I be so high  
Shit a week goes by, i still think the week just started  
Man weed still sparking,still in tune with the street man  
He still sparking, go ahead nigga leap feel frogish  
These streets I harnish, my peeps my partners  
Cam,jim,zeek my sponsors. black, griz,snags my monstrous  
Paper, drugs, twin my anchor. Robs,40,doe,guard  
Bus, train and go hard. let it rain

Nights like this I wish  
That rain drops would fall.....  
(i know u wishing it would rain)  
Nights like this I wish  
That rain drop would fall.....

This is a story,about a young boy wishin for glory  
Rap, riches and glory. some people i'll love to share it with  
Yea my people my thugs i'll share it with.  
You cant eat through this love im dealing with  
You cant see through this love im dealing with

You cant be through or eat through this love im dealing with  
Its real im feeling it my niggaz. cats plan on killing it  
Rats real im realing it all men like fishermen  
Say(hey hey hey baby)  
Drive sticks while sticking em, young chicks im dicking em  
All down and yea they all down  
But why it got to be like this, why every girl I meet got to be like this  
Let it rain

Nights like this I wish  
That rain drops would fall.....  
(i know u wishing it would rain)  
Nights like this I wish

Let it rain  
Im just siiting here  
Wishing it would rain  
Im just sitting here waiting for the rain  
Waiting for the rain
