

Pain

Jughead's Revenge

Take a piece of concrete
And stick it in my face
I like to play with razor blades
I hate the human race
Kick me when I'm down
Come up and rip my shirt
My dad will buy another one
Especially if I'm hurt
I dig pain
The feeling in my brain
The scratchin' The bashin' The clawin' The trashin'
The given' The gettin'
And the total blood lettin' Drive me insane
I dig pain
I love to do the pogo
And I love to do the slam
But it's nothing like the feeling
Like a knife stuck in my hand
Now you can never stop me
From being what I choose
And if you try to shut me up
Some skin you're gonna lose
