

## Ask Lucinda

Juice Newton

Guess I should accept the call  
But I really don't know what to say  
The operator wont let me talk at all  
And she says you want me to pay  
Oh well it ain't nothin new  
It fits right with my picture of you  
But tonight you're gonna find out  
What these tears are all about

[Chorus:]

'Cause this old flame went out  
You never thought you'd be the one  
In the darkness now  
I think you know what I'm talkin about  
This old flame went out

You went to get cigarettes  
That was last July, you didn't get home yet  
And now you expect me to hear you out  
You call me collect, there ain't no doubt

[Chorus]

What do you mean, how can I do this to you?  
Lets not forget who walked out on who

[Chorus]
