

## For Believers

Juice Newton

Go to sleep  
Close your eyes  
Soon the angels  
Will begin to fly  
Don't ask why  
Angels fly  
They only fly for believers  
Like you and I  
Once when I was so much younger  
Much the same as you are now  
With a heart so filled with wonder  
I heard the thunder  
I saw the angels fly!  
And so be very still  
Oh, so still  
Because the angels will fly  
When you close your eyes
