

# I'm Dancing As Fast As I Can

Juice Newton

Dance, they said  
Life is only for the moment  
The light is brief,  
Dont waste it.  
The taste is sweet so taste it.  
So I said I understand,  
Im dancing as fast as I can.

Maybe were just shooting stars  
Needing something to hold on to,  
But each thing we touch seems to vanish,  
Like candles and friends  
They burn at both ends.

Dance, they said  
Life is only for the moment  
The light is brief,  
Dont waste it.  
The taste is sweet so taste it.  
So I said I understand,  
Im dancing as fast as I can.

He said Ill see you around,  
And as I brushed my hair  
I winked and said, you might.  
Cause I know by now how its done,  
After all the mornings after  
And all the nights.

Dance, they said  
Life is only for the moment  
The light is brief,  
Dont waste it.  
The taste is sweet so taste it.  
So I said I understand,  
Im dancing as fast as I can.
