

Drugged Out

Juicy J

Drugged out, drugged out, drugged out
Drugged out, drugged out, drugged out

I fall up in the club I'm like a walking pharmacy
If you ain't smoking what I'm smoking, need to get the fuck from me
I'll be get so fucking high, feel like I'm hangin with the stars
Out of space where shawty come hang with a star
I ain't waste their drink but the whole ball me
50 thousand racks shawty that's a call me
I'm also mini dressed feel like my heart 'bout to bust
It's so many bitches that nigga can't help but to look
Give me a double cup, give me some ice
I got the lee, now where's the sprite?
My weed loud and you owe me shut the fuck up
Meet me on the top floor shawty let's get fucked up

I bust the drugs in got the club drugged out nigga
But with my high you gonna get drugged out
I got the dope, then shawty come get drugged out
And I'm looking for a drug man with my drugs out
I brought the drugs in got the club drugged out nigga
But with my high you gonna get drugged out
I got the dope, then shawty come get drugged out
And I'm looking for a drug man with my drugs out

I got kush up in my pants pocket smoking back to back
I said I was gon' quit but I just relapse
Man this weed got me with the munchies, I need a snack
Even after winning Oscars, we don't know how to act
You're from Hollywood the Hollywood, racks on top of racks
Smoking I was snooping Wiz Khalifa, stacks on top of stacks
Met this bitch at the award show, man her pussy fat
I'ma take her to my mansion it's what I want
Fine as Halle Berry, a great dick sucker
If she get it from her mama, then I wanna meet her mother
The reason why i'm 50 rich is cause I hustle
And I'm always on the money, on the double
