I'm on them Xany bars my weed is medical
And I ain't had nothing to eat but some edibles
Drink alot of gin, in love with a stripper, Juicy J one

Throwin money in the club bitches takin pictures
And we keep that Moët flowing like a Bar Mitzvah
In the bottle section bouncin on a leather couch
Money everywhere bouncin out the Louis pouch
I ain't Willy Wonka I don't sugarcoat shit
I keep codeine in my cup with a Sprite mixed

I'm geeked up off them bars, so geeked up off them bars
I'm geeked up off them bars, so geeked up off them bars
I'm geeked up off them bars, so geeked up off them bars
I'm geeked up off them bars, so geeked up off them bars
I'm geeked up off them bars, so geeked up off them bars
I'm geeked up off them bars, so geeked up off them bars

50 bars in a party bag, swag
And some weed from Afghanistan, swag
I'm on footballs I hit the Superbowl
And I live in a liquor store
I'm a stop buying weed, I'm a make it grow
I'm a stop burning weed, I'm a make it smoke
I ain't no medical doctor but I am self prescribed
Ain't that nigga cooking up sushi but I got the eyes
Before I hit the plane I'm already in the sky
Two weeks later, I'm still in the sky
G6 jet make, them pussys wet
Have you ever snorted Xanax some trippy shit

I'm geeked up off them bars, so geeked up off them bars
I'm geeked up off them bars, so geeked up off them bars
I'm geeked up off them bars, so geeked up off them bars
I'm geeked up off them bars, so geeked up off them bars
I'm geeked up off them bars, so geeked up off them bars
I'm geeked up off them bars, so geeked up off them bars
