Lean overflowing like New Orleans' broken levies
No relationship with hoes, I just want that Becky
I'm bout my money, I gets my fetti
Street nigga, north Memphis, bitch I still rep it
Smokin' weed from the bong
And the lean got my sprung
Molly in my veins got my heart beatin' like a drum
Grinding on my teeth like a nigga chewing gum
Eye's Chinese tight, but I don't, work at Yung's
Juicy so high I feel like that I am on a cloud
Weed don't talk, but the shit I got here loud
After the show we grab the groupie hoes, I'm smokin' out
No smoke for free, no IOU's, no I don't do no vowels

The club doped out, we dove in
Shawty got that ass poked out, but I'm pokin'
I get that cap and gown, like I'm graduatin'
Shawty straight, on the bed, she ain't hesitatin'
I'm on that loud, you on that hush
Nigga I'm the shit, can't even flush
I'm gettin' money ballin', with out a contract
I ain't gotta smoke for you to catch a contact
I shoot guns, I don't blow guns
Smoke so much I should've had four lungs
I'm smokin', 'till my money gone
And that's no time soon, cause my money long
