Juicy J

Don't let the liquor get you killed, I put some hallows in your shirt

You can get murked nigga, you can get murked nigga  
You know I keep the thang on me and let them bullets burst nigga  
You can get murked nigga, You can get murked nigga  
You ol' false flagging fuck boys gone end up in a hearse nigga  
You can get murked nigga, You can get murked nigga  
With your brains blowed out face down in some dirt nigga  
You can get murked nigga, You can get murked nigga

Niggas wanna see me fall  
But I got the bigger balls  
Thought you knew I'm from the north  
I ain't scared of none of y'all  
Lot of niggas came and gone  
So that's why I keep the chrome  
Couple of goons is ready to die  
Keep the doves up in yo home  
Every time you see me smoking the fi-fire  
Eyes so red I'm stain so hi-high  
Looking like an asian dude from ti-ti  
OG Kush in my system oh my my  
Niggas always hating on me  
Cuz they thing I'm selling D  
All these hoes be paying me  
Why you niggas [?]  
Looking for a handout, I ain't throwing no grams out  
If I see yo baby mamma, I'ma pull my pants down  
Old school Chevy so clean the pa-paint  
Fuck nigga wanna be me you ca-can't  
Niggas straight high on beams you can't think  
But I keep a strap in my lap [?]

I bet you wanna grab yo shit, cock it back and make a hit  
Let them know that you ain't soft, let them know that you legit  
But you ain't got the nuts, you ain't ever sold hits  
But you won't force to think, you so hard you a bitch  
I've been waiting on watching you just get your hands on  
Hope you stay home, maybe I can get my spray on  
But its over niggas know you soft like sofas  
You a fake nigga [?]  
Why you a lie, Why you a lie  
Why you a lie, Why you a lie  
I'ma take you to a river, put a gun between yo eyes  
Let you beg for yo life, so fuck nigga don't you cry  
You gonna treat me with respect til the day you fucking die
