

## Man In The Moon

Jukebox the Ghost

The face in the moon  
I can see it in the water, too  
I can see it just the same as you  
But I can't be there with you

Sleepy eyelids  
I could write a song for you  
I could buy you roses, too  
But I can't be there with you

Water, leads to water  
Water leads to rivers leads to oceans leads to you  
But are you in love with someone,  
Are you in love with someone new?

Oh, you,  
Such a funny girl but oh, so blue  
What are you supposed to do  
When I can't be there with you?

I'm the man in the moon  
Far away it can't be true  
And I could say the same for you  
And why on earth would you?

Water, leads to water  
Water leads to rivers leads to oceans leads to you  
But are you in love with someone,  
Are you in love with someone new?

Are you in love with someone,  
Are you asleep with someone,  
Are you in love with someone new?
