

## I'm Sorry But .....

Julia Fordham

Thanks for loving me  
For coming on like family  
For showing up when I was down  
When all the walls came crashing down

Thanks for saying I'd  
Be safe here til I die  
For showing up with open arms  
An open mind so open

I tell my heart to see reason but it won't  
My mouth still says I love you  
But I don't

I'm sorry but .....  
I'm sorry  
I'm sorry but .....  
I'm sorry

How the years fly by  
It's Christmas then fourth of July  
It all becomes a travelogue a jumble of occasions

I tell my heart to see reason but it won't  
My mouth still says I love you  
But I don't

I'm sorry but .....  
I'm sorry  
I'm sorry but .....  
I'm sorry

I had been clinging to that which changes  
Caught in a never ending long long chain of delusion

I'm sorry but .....  
I'm sorry  
I'm sorry but .....  
I'm sorry
