

# I Thought It Was You

Julia Fordham

Don't say your world lights up when I smile  
'cause you know it's too late for talk like that  
And as this love fades  
We both know that I have been betrayed  
I'm not looking for the answer, baby  
I'm just looking for a little love  
We're all looking for something, baby  
And for a minute, a minute, a minute

I thought it was you  
I thought it was you  
I thought that it was you  
I thought it was you

Don't say that you'll be there when I need you  
'cause where are you when I need you now  
I need you  
The truth hurts  
Ooh I'm hurting now I'm hurting ooh  
I'm not looking for the answer baby  
I'm just looking for a little love  
We're all looking for someone baby  
And for a minute, a minute, a minute

I wouldn't change a thing except the ending  
'Til the part where you broke my heart  
Everybody's talking about forgiveness  
I can't forgive you for leaving me

I'm not looking for the answer baby  
I'm just looking for a little love  
We're all looking for something baby  
And for a minute, a minute, a minute
