

# Kid

Julia Fordham

Kid, you're doing ok  
Kid, you're on your way  
Kid, the band is starting up your song  
Kid, you can't go wrong

And this too shall pass  
I promise these tears won't last  
This too shall fade  
Something lost, something saved  
Something lost, kid, something saved

Kid, don't grow up before your time  
Kid, you're doing fine  
Soon love will call to do its thing  
Kid, let it in

Do you remember when I took your smaller hand  
And told you I would always try to understand  
Oh kid

Oh kid  
Our kid
