

## Tell Her A Story

Julia Stone

Tell me a lie, I'm used to it  
Tell me a lie, I'm used to it  
Tell me to my face  
Tell me to my face  
Tell me where's my place  
Tell me where's my place

Tell her a story, she's used to it  
Tell her a story, she's used to it  
But tell her to her face  
Tell her to her face  
Tell her where's her place  
Tell her where's her place

Tell him a lie, he's used to it  
Tell him a lie, he's used to it  
Tell him a lie, he's used to it  
Tell him a lie, he's used to it  
But tell him to his face  
Tell him to his face  
Tell him where's his place  
Tell me where's your grace
