

## Crunch Punch

Julian Casablancas

Survivors I have interviewed and also from all of the historical reading. These are patterns. This has happened many times in history

Devil's evangelicals they puppet my eye  
He is the creepiest guy in the sky  
Re-runs on the radio, the Dj is wrong  
He's just a preacher who pushed play on this song

And I can't live on a farm forever  
Please just tell them I'm gone  
But until tomorrow, when I've made it out somehow  
Can I pray for you, 'ma?

Police they get in their face  
Officer down on the scene  
(Two fifty-  
six? We have an officer down, I repeat... calling all cars...)

Best repeat what is not true  
Watch my neighbor  
We won't tell them what to do  
Can you rescue me everybody wants what they can't see  
Yes I want it for me, but I want it for you, too

(OH YEAH! DJ DERRICK!)

Come meet the ventriloquist who puppets my eye  
He is the creepiest guy in the sky  
Everybody loves him and he kisses your hand  
He likes to pretend that he sings in a band  
Okay: please don't take the pain  
It's running all down on your face  
Don't miss the show okay?  
"Ah I can't have time."

I can't live on the farm forever  
We live too far away from everything  
I pray for some things to change  
Your mother is a murderer, trust me I know  
Shit, I got excited

Can't beat them it's so hard  
I wanna beat them in my prime
