

Father Electricity

Julian Casablancas

Like harmonies, locks in keys
Lightning in every drop
We're tricked again, lost at sea
When we find land can I climb your tree?
I know it's hard to see, oh

I wanna believe what you're saying
But I'm seeing the game that you're playin'
Oh I kn-kn-kn-kn-kn-kn-know
What I'm gonna d-d-d-d-d-do
Kn-kn-kn-kn-kn-kn-know what I'm gonna d-d-d-d-d-do
Oh no I meant...

I'm at the wrong place at the wrong time
They're attracting all the wrong people to the wrong line

I do not want to see the whole mess
I wish I could live in retrospect

Five steps
Remember them well
As you're coming down, down the well
You drop 500 tons of hell

You are everything I see
Every time I blink - despair
Who's asleep at the wheel?
They fight for every meal
Who likes that bad idea?
You

Undo

What I feel, Qualia
What I am, Qualia

Wait, wait
No, I don't want it
No, I don't want it

You are everything I see - every time I blink - despair

Lock the doors and hide the keys
And wake the doctor, call a priest
Born out of electricity, I wait for you in the second life
Who's asleep at the wheel? Who likes that bad idea? Who wants a happy meal?
ooh

...You are everything I see - every time I blink - despair
I will take what I can grab, but I, I don't want your money bags

Oh-ooh-ooh-ooh
What else can I say
What else can I say
What else can I say tonight?
