

Safesurfer

Julian Cope

And I saw my old man
Exploding out of the tunnel
I knew what came next
Recognized that cruel scene
That brought the downfall
Of the distant gaze
Distant gaze
Welcome in a son of clovius boofus
Just another sheep boy
Duck call, swan song
Idiot son of donkey kong
And I say
You don't have to be afraid love
You don't have to be afraid love
Cause I'm a safesurfer darlin

Cause I'm a safesurfer darlin
You don't have to be afraid love
Cause I'm a safesurfer darlin
You don't have to be afraid love
Cause I'm a safesurfer darlin
You don't have to be afraid love
Cause I'm a safesurfer darlin
You don't have to be afraid love
Cause I'm a safesurfer darlin
You don't have to be afraid love
Cause I'm a safesurfer darlin
You don't have to be afraid love
Cause I'm a safesurfer darlin
