

Soul Desert

Julian Cope

I was lost and loveless in your soul desert
I was packed and kicking to your alien land
I was lost and loveless in your soul desert
I was packed and kicking to your alien land

Then I wanna know, wanna know, wanna know what to be
Then I wanna know, wanna know, wanna know what to be
And I'll just watch you 'cause being is just too hard
For me

In your soul desert I was awe inspired
Feeling sentimental for your alien side
And blinded I was helpless in your giant sands
Ignorant and freezing in your alien lands

Then I wanna know wanna know
Wanna know what to be
Then I wanna know wanna know
Wanna know what to be
And I'll just watch you
Cause being is just too hard for me

All of my time
All of my time
All of my time
It takes up all my time

Livin life in your soul desert
Trustin no one in these alien lands
Killin time in your soul desert
And trustin no one in these alien lands
Oh I'm trustin no one in these alien lands

Me and I'll just watch you
Cause being is just too hard for
Me and I'll just watch you
Cause being is just too hard for
Me and I'll just watch you
Cause being is just too hard for

Me and I'll just watch you
Me and I'll just watch you
Me and I'll just watch you
Me and I'll just watch you

Me and I'll just watch you
Me and I'll just watch you
Me and I'll just watch you
