

Cole's Song

Julian Lennon

I feel that the love around me
Has come from another world
I have lost love
I have found love

From the moment you were born
I could see a new beginning
Come to me, let me tell you how
How I've lost love

And now I've found love
In a world of broken dreams
I was wrong
To deny your feelings

And I'm sorry
If I've caused you pain
I was lost then
So confused then

And I believe that
You would change that
There are broken hearts we can mend
Through the music we've learned to love again

Through the sad notes
Through the years
There were times when I just couldn't tell you
And now we've come

To an understanding
And I'm sorry
That it took so long
I have lost love

I have found love
From the moment you were born
I have lost you
And now I've found you

Let me feel your heart
Let me hear your song
