

# I've Seen Your Face

Julian Lennon

When I open my eyes to the day  
You are the first thing I see  
We have lived together, loved together  
You know how hard that can be

I've seen your face  
A thousand times before  
You know I know your secrets  
Locked behind the door

Say the words and I'll be by your side  
Far from the ties that hold me  
Say the words of love and you'll know where to find me  
Sharing the thoughts of our dreams

I've seen your face  
A thousand times before  
You know I know your secrets  
Locked behind my door

When I'm loose and on the road  
And don't know what to do  
I just stare at the phone and wish I was home  
Picturing visions of you

I've seen your face  
A thousand times before  
You know I know your secrets  
Locked behind the door

Say the words and I'll be by your side  
Far from the ties that hold me  
We have lived together, loved together  
You know how hard that can be

I've kissed your face  
A thousand times before  
You know I know your secrets  
Locked behind my door

Doo doo doo doo...  
I've kissed your lips  
A thousand times before  
You know I know your secrets  
Locked behind my door
