Time Will Teach Us All

Julian Lennon

Tragedy feels like a melody We've got to listen to From time to time History feels like a part of me Is every century A spiral we all climb? I guess time will teach us all Is there something here to find Something invisible--underlined? And could it possible be That everything might some day Come clear for me? I quess time will teach us all I quess time will teach us all You don't need me to tell you What's gone wrong You know what's going on I guess time will teach us all Time will teach us all Time will teach us all Time will teach us all
