I'm like a lion in the morning lion in the morning when he rises Have you ever met a roaring lion yet Have you ever seen when the master is getting vex He said keep away from the dark yes we know who you are they try to hurt the lion it a go hot like fire Each to teach his own Don't go where the lion roam please do not provoke or take any lion for joke Why must a cub suffer the road will get rougher Bring the children together so that they won't suffer Holy mount Zion that's the jungle of the lion the higher lion Remember who is king of the jungle He keep I and I strong right through give praises in the morning while Jah sun is dawning when the lion starts roaring the wicked system dissolving
