

# Louie Louie

Julie London

Louie Louie, oh  
I gotta go  
Louie Louie, oh  
I gotta go

Fine little boy waits for me  
I caught a ship across the sea  
I sailed that ship all alone  
I never thought I'd make it home

Louie Louie, oh  
I gotta go  
Louie Louie, oh  
I gotta go

I See Jamaica, the moon above  
It won't be long till I see you my love  
He'll take me in his arms and then  
I'll tell him I'll never leave again

Louie Louie, oh  
I gotta go  
Louie Louie, oh  
I gotta go
