## Perfidia

## **Julie London**

Nadie comprende lo que sufro yo Tanto que ya no puedo sollozar Solo temblando de ansiedad estoy Todos me miran y se van

To you My heart cries out "Perfidia" For I find you, the love of my life In somebody else's arms

Your eyes are echoing "Perfidia" Forgetful of the promise of love You're sharing another's charms

With a sad lament my dreams are faded like a broken melody While the gods of love look down and laugh At what romantic fools we mortals be

And now, I know my love was not for you And so I take it back with a sigh Perfidious one, Goodbye

With a sad lament my dreams are faded like a broken melody While the gods of love look down and laugh At what romantic fools we mortals be

And now, I know my love was not for you And so I take it back with a sigh Perfidious one, Goodbye Goodbye
