

## Good Wine And Bad Decisions

Julie Roberts

It don't matter what dress I put on  
We both know it won't stay on for long  
And these heels all they're good for  
Is walking through your door and laying on your bedroom floor

Good wine and bad decisions  
A little lovin' never hurt no one  
Good wine and bad decisions  
I'll be gone when the morning comes

Ain't hurt nobody, got no one at home  
Sometimes a girl just don't like to be alone  
Two old flames burning bright, oh it sure feels right  
If only for one night

Good wine and bad decisions  
A little lovin' never hurt no one  
Good wine and bad decisions  
I'll be gone when the morning comes

Good wine and bad decisions  
A little lovin' never hurt no one  
Good wine and bad decisions  
I'll be gone when the morning comes  
Yeah, I'll be gone when the morning comes
