Unlove Me

Julie Roberts

Unloose this hold you've got on me Unlock this heart that can't get free Unlive the night you kissed and hugged me Undream the dreams that we both shared Unfeel the feelin' that you cared Before you leave me, please unlove me Unlove me Unmake all the memories I can't forget Unlove me Let me go back to the way I was before we met Back to the days when I was strong When it wasn't sad to be alone When I was happy-go-lucky And I didn't know how good it felt To hold you and feel my heart melt Show me a little mercy and unlove me Unlove me Untie all the strings between your heart and mine Unlove me But do it real slow, so I don't have to lose you all at one tim е Before you pack your bags and leave One thing I wish you'd do for me Take a little time to just unlove me Unlove me Unmake all the memories I can't forget Unlove me Let me go back to the way I was before we met Unlose this hold you've got on me Unlock this heart that can't get free Before you leave me, please unlove me Show a little mercy and unlove me
