

# Whiskey And You

Julie Roberts

There's a bottle on the dresser by your ring  
And it's empty so right now I don't feel a thing  
And I'll be hurtin' when I wake up on the floor  
But I'll be over it by noon  
And that's the difference between whiskey and you

Come tomorrow I can walk in any store  
It ain't a problem they'll always sell me more  
But you're forgiveness is something that's I can't buy  
Ain't a thing that I can do  
And that's the difference between whiskey and you

[Chorus]

One's the devil and one keeps driving me insane  
At times I wonder if they ain't both the same  
But one's a liar that helps her hide me from my pain  
One's a long long bitter truth  
And that's the difference between whiskey and you

I've got a problem but it ain't like what you think  
I drink because I'm lonesome and I'm lonesome 'cause I drink  
But if I don't break down and bring it on myself it'll hit out  
of the blue  
And that's the difference between whiskey and you

[Chorus]

One's the devil and one keeps driving me insane  
At times I wonder if they ain't both the same  
But one's a liar that helps her hide me from my pain  
One's a long long bitter truth  
And that's the difference between whiskey and you

Oh the difference between whiskey and you
