

Balto

Julien Doré

Goodbye Balto
I'm missing you dog
Lizard sorrow
crying you're gone

I come with you
to find a new home
I come with you
because I'm alone

With the sun on my hair
with the moon
on your tongue
because life is unfair

Goodbye Balto
I'm missing you dog
Lizard sorrow
crying you're gone

I come with you
to find a new home
because I'm alone

Goodbye Balto
I'm missing you dog
Lizard sorrow
crying you're gone

I come with you
to find a new home
because I'm alone

[3x:]
Because life is unfair
with the sun on my hair
with the moon
on your tongue

Because life is unfair
without you without her
I will find a new home
because life is unfair

I come with you
to find a new home
because I'm alone
