Balto

Julien Doré

Goodbye Balto
I'm missing you dog
Lizard sorrow
crying you're gone

I come with you to find a new home I come with you because I'm alone

With the sun on my hair with the moon on your tongue because life is unfair

Goodbye Balto
I'm missing you dog
Lizard sorrow
crying you're gone

I come with you to find a new home because I'm alone

Goodbye Balto
I'm missing you dog
Lizard sorrow
crying you're gone

I come with you to find a new home because I'm alone

[3x:]

Because life is unfair with the sun on my hair with the moon on your tongue

Because life is unfair without you without her I will find a new home because life is unfair

I come with you to find a new home because I'm alone
