

Frances

Juliet Simms

Coroner, there's something cold inside
Was it murder, or was it suicide?
Heroin, if the shoe fits you must wear it
We'll cherish, the falling star that dies

This wasn't how it was planned out
Or was it written for our future skins?
See no one here thought of her now
Now everyone is a martyr it seems

Nobody knew, I had a gun and was ready to shoot it
Nobody knows, my eyes are closed, I made up my mind and I'm ready to lose it

Wild and free, did anyone stop to think of me
The girl in between, did anyone stop to think

Jesus Christ, I'm screaming your name in vain
For creating, this hero genocide
Lithium, a self prescribing poison
It's addiction, and every words a lie

Like a match to a flame
I'll start a fire that will never die
Is there no one to blame?
I don't know but I'd sure like to try

Nobody knew, I had a gun and was ready to shoot it
Nobody knows, my eyes are closed, I made up my mind and I'm ready to lose it

Wild and free, did anyone stop to think of me
The girl in between, did anyone stop to think

I can't trust a world, that gives you so much, but still makes you pay
I can't read those words, written in stone, and got nothing to say
And I just can't miss, what I'll never know, so there's just a hole
And we'll never kiss, so I'll just let go, I just let go...

This wasn't how it was planned out
Or was it written for our future skins?
See no one here thought of her now
Now everyone is a martyr it seems

Nobody knew, I had a gun and was ready to shoot it
Nobody knows, my eyes are closed, I lost my mind and I'm ready to prove it

Wild and free, did anyone stop to think of me
The girl in between, did anyone stop to think

Wild and free, did anyone stop to think of me
The girl in between, did anyone stop to think...
