My love is warmer than a smile
My love gives to every needing child
If anyone should ask you who's my true love
Tell them my love true is ever letting all their love come thro
ugh

My loves sees love with not a face And lives to love through time and space If all of everything about my love fits to the tune of you Then you can say that you are my love too

Let my love shine troughout the world

To every mountain top and steeple

Let it be felt by every soul

Til loves all over

Let it reach out to every heart

To every disenfrachised people

Til it is present and no more is pain all over

Our love sees loves the key to peace We'll pray til all world wars have ceased Should you or anyone you know enough to say they feel as we Then let our universal song be free

Let our love shine throughout the world

To every mountain top and steeple

Let it be felt by every soul

'Til love's all over

Let it reach out to every heart

To every disenfranchised people

'Til it is present and no more is pain all over

Say words of love to all we see
To rich or poor for love is equal
Let us lift up humanity
Spead love all over
Let all its forces join as one
So to rebuke all signs of evil
Through every valley, land and sea
Our love's all people
