

# Until I Stay

Jully Black

I thought of lettin' go,  
But my mind won't let me.  
My heart will never no what's true  
(Never thought, never thought)  
I just never thought  
I'd find a reason  
To keep me coming back until I stay  
Until I stay, til I stay, til I stay, til I stay

I thought of letting go,  
But my mind won't let me  
My heart will never no what's true  
I just never thought  
I'd find a reason  
To keep me coming back until I stay  
(until I stay, til I stay, til I stay, til I stay.  
Until I stay, till I stay, til I stay,  
Until I stay, til I stay, til I stay)  
Keep me comin' back until I stay

My mind, my heart,  
Have never been so far apart.  
We new from the start, it was bound to fall apart  
I stayed, I lead, it's never gonna change for me.  
Keep me coming back until I stay

I thought of letting go,  
But my mind won't let me  
My heart will never no what's true  
I just never thought  
I'd find a reason  
To keep me coming back until I stay  
Until I stay, til I stay

(until I stay, til I stay, til I stay, til I stay.  
Until I stay, till I stay, til I stay, until I stay, til I stay, til I stay)  
Keep me comin' back until I stay

My mind my heart  
Have never been so far apart  
We new from the start, it was bound to fall apart  
I stayed, I lead, its never gonna change for me  
Keep me comin' back until I stay

(until I stay, til I stay, til I stay, til I stay.  
Until I stay, till I stay, til I stay, until I stay, til I stay, til I stay)  
Keep me comin' back until I stay

(until I stay, til I stay, til I stay, til I stay.  
Until I stay, till I stay, til I stay, until I stay, til I stay, til I stay)  
Keep me comin' back until I stay

(until I stay, til I stay, til I stay, til I stay.  
Until I stay, till I stay, til I stay, until I stay, til I stay, til I stay)  
Keep me comin' back until I stay
