

Just A Dream

Jump5

When I look in your eyes
I see a whole different sky
Like I've never seen before
And when I hear your voice
It's like a song that I can
Listen to o', over again

It's so crazy how you make me go crazy
Every time that I'm near you

Cause you're just a dream
This is my reality
Totally insanity
If I could be in your dream
All I wanna do is be with you be with you
You're just a dream
Just a dream

When I picture the world
It takes me to the sun
I think about the way you smile
And the words that you say
Always seem to change
The world that I've been living in

It's so crazy how you make me go crazy
Every time that I'm near you

Cause you're just a dream
This is my reality
Totally insanity
If I could be in your dream
All I wanna do is be with you be with you
You're just a dream
Just a dream
You're just a dream
Just a dream yeah

More than my imagination could ever see
You're just a dream
If I could be with you

You're just a dream
This is my reality
Totally insanity
If I could be in your dream
All I wanna do is be with you be with you
Cause You're just a dream
This is my reality
Totally insanity
If I could be in your dream
All I wanna do is be with you be with you
Be with you
You're just a dream
Oh whoa you're just a dream
Just a dream
