## **Pharaoh**

June Tabor

Pharaoh he sits in his tower of steel The dogs of money all at his heel Magicians cry Oh Truth! Oh Real! We're all working for the Pharaoh

A thousand eyes a thousand ears He feeds us all he feeds our fears Don't stir in your sleep tonight my dears We're all working for the Pharaoh

Egypt Land Egypt Land
We're all living in Egypt land
Tell me brother don't you understand
We're all working for the Pharaoh

Hidden from the eye of chance The men of shadow dance a dance And we're all struck into a trance We're all working for the Pharaoh

Idols rise into the sky
Pyramids soar Sphinxes lie
Head of dog Osiris eye
We're all working for the Pharaoh

I dig a ditch I shape a stone Another battlement for his throne Tell me brother do you understand We're all working for the Pharaoh

Call it England call it Spain
Egypt rules with the whip and chain
Moses free my people again!
We're all working for the Pharaoh

And its Egypt Land! Egypt Land! We're all living in Egypt Land Tell me brother do'nt you understand We're all working for the Pharaoh

## Interlude

Pharaoh he sits in his tower of steel Around his feet the princes kneel Far below we shoulder the wheel We're all working for the Pharaoh
