

Big Pimpin

June

Uh, big pimpin, chrome tippin
100 sparks full of gold nigga
Here livin life, getting money, just me and my niggas
Only for the real, stay out of the picture
It's young boss from the M, loyal to the game
Ain't no love for these hoes, just stick to the plan
And money talk real fast hope you understand
We pop bands on that ass make them bitches dance
Southside, baby
Posted in the cut, we gettin' high baby
They say it's all love, I'm ready to ball out
As long as the money comin she tryna go all night

I'm big pimpin, I'm big pimpin
I'm big pimpin, you know I stay sippin
I'm big pimpin, I'm big pimpin
I'm big pimpin, you know I stay sippin
(2x)

One time for the freaks
Two time for the bustas
Three hoes in my bucket, super cluckin'
Down to suck me, kiss and rubbin' on each other
Ain't no question that they f**kin'
Got that kush in all of my cups
I told er put that ass up and flex it
Worried bout that money, I don't worry bout these hoes
Servin pimpin to yo bitch like I'm the dope mane
Since I can't remember told er get it off the floor mane
She about it like you wouldn't even know mane
Woah mane, I ain't know that was yo hame mane
In the VI, you would think I had a show mane
