

## No Surrender

Jungle Rot

Struggle to break the chains  
Don't let yourself surrender  
In spite they say your name  
Our hate is their splendor  
Are you as weak as they say?  
Only time will give they answer  
Take life day by day  
For I am my own master  
Rise up and fight to take control of your life  
What you see  
This could be for the key...  
Is you..  
Struggle to break the chains  
Don't let yourself surrender  
Our strength is in our numbers  
We will take them over  
Of force will not encumber  
Only we have the power.
