

Psychotic Cremation

Jungle Rot

I'm going to smash your head with a rock
Listen to the great big crunch
Rip of your head from your neck
Tear off your ears to much
Psychotic cremation
I'm gunna swing your head by your hair
Mash it in a mailbox
Stick firecrackers up your nose
Dodge flying snot
I'm gunna tie your body to my truck
Leave it in a trail of blood and guts
Bones will start to rip out your skin
Roadkill will never be the same!
