

## Speak the Truth

**Jungle Rot**

You've lied to me, your final lie  
Not giving in, not gonna cry  
You gain from me, I question "Why?"  
I will laugh last, your end is night!

Spreading untruths, with forked tongue  
For what you're done, you should be hung  
Rampant distrust, no short supply  
You fucking liar, I hope you die!

Speak the truth!
