

Drops

Jungle

When you're so high you (Don't think)
When you fall from the sky you (Won't break)

So come down from the clouds
Come down
So some down from the clouds
Come down

I've been loving you, too long
I've been loving you, for too long.

So some down from the clouds
Come down
So some down from the clouds
Come down

When you're so high, you don't think
When you fall from the sky, you won't break.
I've been loving you too long.
I've been loving you for too long.
