A Truly Happy Ending

Junior Boys

Left alone, I'll destroy almost everything Padded gloves don't provide sensitivity Every little moment dealt Stops shouting when it crashes down

Oh, what could be Some simple chance for a bit of empathy, yeah

Never seen a truly happy ending Make believe that you know All the things that you've been thinking Never seen, never been in a truly happy ending Gets so close but it always just falls apart

Now I found things won't work out so well for me Good luck lies no longer than a smile Any piece of chance I found Got swallowed up in years of doubt

That still hangs off me I got it bad so stay back or else you'll catch it

Never seen a truly happy ending Make believe that you know All the things that you've been thinking Never seen, never been in a truly happy ending Gets so close but it always just falls apart

I can't be patient all the time Come and put your hopes up next to mine

Never seen a truly happy ending Make believe that you know All the things that you've been thinking Never seen, never been in a truly happy ending Gets so close but it always just falls apart

Never seen a truly happy ending Make believe that you know All the things that you've been thinking Never seen, never been in a truly happy ending Gets so close but it always just falls apart
