

No One's Business

Junior Boys

When I'm with you
I get to share
When I'm with you
I feel so sure every time
Cause it's no one's business
What we do
No it's no one's business
What we do
When I'm with you
I feel so fine
When I'm with you
I feel so fine inside
But it's no one's business
What we do
No it's no one's business
What we do
When I saw you
I was so ready
When I saw you
Was so ready
But it's no one's business
What we do
No it's no one's business
What we do
When I kiss you
I'm on fire
While I kiss you
I'm on fire inside
But it's no one's business
What we do
No it's no one's business
What we do
