

Melange

Junkie XL

Mix it with mine, with yours, 'cause the orthodox ways of crime
Ignorance tricks this men, sting again like porcupine
Skin complexion won't give direction
Hall mulatto italiano farrago
Anything with a twist yo
For the night flows hot like sirocco
Mix with all for the ritual
Win skin like Marlon Brando in last tango
Now I'm single in the disco
Club schizo when the disk spins loud lingo colloquial go
Juices up loosen up let the lust overflows my cup pop

Mix it with mine
Blend it with yours
Seeking a true force melange
Nevermind check the signs
Intertwine, cool: melange

Ascetic aspects get no contract
Amatory looks for hot sex
Screaming from your voice box
Larynx... o yeah!

Steppin' to a girl that basically is way out of your league, out of reach
But the peach makes her lips glisten, blushin' your cheeks
Hold the courage and guts aided by Millerquads or Buds
Alcohol creates the stud to strut in perfect duds
So much for face one, it takes one line to flake out son
As you glance top - bottom, butt gives the shakes on
Shoot the gift for swift quick linguistic
Let libido uplift, arrange like melody on the Freud therapy tip
Figure you have potential, she wetting her lips
It was a test, now your perfect match cos' the fire is lit
Background unknown, but the sex drives... prone
Get the conversation on and dig out ones skulls to bone

Mix it with mine
