Is There No Truth In Beauty?

Just Surrender

This is how it's been, this is how it will be and when you wake up with him, remember when it was me and I always will be waiting for you and I know that you will never see...that

I can't break away from these chains to my heart the further you push me the closer you are maybe I should try to let go maybe I should try to walk away there's nothing left to say, yeaheeyeah

Do you remember when, you used to laugh there with me and now I've become the joke, a punchline's all I will be and I always will be waiting for you and I know that you will never see ...that

I can't break away from these chains to my heart the further you push me the closer you are maybe I should try to let go maybe I should try to walk away there's nothing left to say

You'll be waiting for the rest of your life just so you can finally miss him These words don't mean a thing but I'll say them anyway ...anyway, yeah

I can't break away from these chains to my heart the further you push me the closer you are maybe I should try to let go maybe I should try to walk away there's nothing left to say...but

I can't break away from these chains to my heart the further you push me the closer you are maybe I should try to let go maybe I should try to walk away there's nothing left to say, yeahheahh 'cause I can't break away
