

# Rise & Fall

Justice Crew

I could see your voice, but I could never hear it  
Through the static noise around me  
But I can't give up, so I keep on swimming  
Through the ocean till you find me.

Life's a rolling wave  
Your heart can keep me safe  
Tonight I'm floating toward my home

Whoa, lost in the water  
Save me before I drown  
Take me away tonight  
Onto your iceberg,  
I'll let my anchor down  
Under the northern lights  
Your heart is home

We're a dancing flame  
Our fire's always burning  
Glowing brighter all the time  
Though the Earth might shake,  
I know it's always turning  
'Cause you remind me we'll be fine

Life's a rolling wave  
Your heart can keep me safe  
Tonight I'm floating toward my home

Whoa, lost in the water  
Save me before I drown  
Take me away tonight  
Onto your iceberg,  
I'll let my anchor down  
Under the Northern lights  
Your heart is home

I feel the beat, I feel the beat, I feel the beat rise & fall  
I feel the beat, I feel the beat, I feel the beat rise & fall  
I feel the beat, I feel the beat, I feel the beat rise & fall  
I feel the beat, I feel the beat, I feel the beat rise & fall

Can't we breathe just for a minute?!  
Come and take my hand, now that we're in it  
Let the moment freeze, so we won't forget it  
Tonight, tonight!

Lost in the water  
Save me before I drown  
Take me away tonight  
Onto your iceberg,  
I'll let my anchor down  
Under the Northern lights  
Your heart is home

I feel the beat, I feel the beat, I feel the beat rise & fall  
I feel the beat, I feel the beat, I feel the beat rise & fall  
I feel the beat, I feel the beat, I feel the beat rise & fall

I feel the beat, I feel the beat, I feel the beat rise & fall

Oh oh oh oh oh oh oh

Rise & fall

Oh oh oh oh oh oh oh

Rise & fall

Oh oh oh oh oh oh oh

Your heart is home
