

## Goodbye Without You

Justifide

I still remember like it was yesterday  
And we were together but now you seem so far away  
And I cant see myself without you, without you

But now you're gone and it's been so long  
And I will not forget the memories of the good times  
And the times we shared regret

And I saw you today with a TV screen and those old tapes  
I would never let you erase and I can't see myself  
And I can't see myself without you, without you  
I wish I had the chance to say goodbye

To hear those words come out from you, don't cry  
To look you once more in the eyes, with life  
Right now, I want to say goodbye, goodbye
