

# No Pressure

Justin Bieber

You ain't gotta answer none of my calls  
I'm believing you'll pick up one day  
I don't wanna add to your pain at all  
I'm praying that time makes a change in your life  
I'm realizing how much you made a change in my life  
And I don't wanna spend it with nobody else  
Hear me? Don't nobody deserve myself  
Oh no, baby what I'm saying is

You ain't gotta make your mind up  
You ain't gotta make your mind up right now  
Right now, don't rush, no pressure  
You ain't gotta make your mind up  
You ain't gotta make your mind up right now  
Calm down, don't rush, no pressure

Thought that you were in it for the paper  
Never thought I'd take you serious  
Now I need you, not a moment later  
Losin' it, I'm so delirious  
And I'ma put up a fight for it  
Never give up a love like this  
Finally I found someone  
That can do me like no other  
Talking to my conscience  
I made a few mistakes  
I did it to myself  
I'm the only one to blame  
I know you need a little while to believe again  
To love again

You ain't gotta make your mind up  
You ain't gotta make your mind up right now  
Right now, don't rush, no pressure  
You ain't gotta make your mind up  
You ain't gotta make your mind up right now  
I'll be waiting for you  
Don't rush, no pressure  
You ain't gotta make your mind up  
You ain't gotta make your mind up right now  
Right now, don't rush, no pressure  
You ain't gotta make your mind up  
You ain't gotta make your mind up right now  
I'll still  
Don't rush, no pressure

Put my key in the ignition  
Don't rush it girl, just stretch it out for me  
I know that you ain't got no place to be  
Girl I need your attention  
And every time I see you make that face  
I wanna love you all over the place  
Don't do it, baby  
Don't do it to me, no, no

I know you don't wanna talk, right  
We've been on and off like the cross lights

You heard I'm playin' with them hoes like I golf, right?  
When I touch you, I get frostbite  
Girl you're so cold, so cold, so cold  
How we so young but livin' so old?  
In the bed together but we sleepin' solo  
That could drive you loco  
You supposed to me my uno, Yoko Ono  
Oh no, round two again  
We've been fighting more than Ryu and Ken  
Last time we argued eight straight days  
I learned my lesson, I got straight As  
And I know it's deeper than masseuses  
Oh, you know I eat the cookie like I'm Lucious  
Go ahead and take the time  
But it's a waste of time if your waist ain't on mine  
Think about it

[Chorus: Justin Bieber]

You ain't gotta make your mind up  
(make your mind up)  
You ain't gotta make your mind up right now  
(right now)  
Don't rush, no pressure  
(there ain't no pressure)  
You ain't gotta make your mind up  
(no ohh)  
You ain't gotta make your mind up right now  
(I'll be waiting for you)  
Don't rush, no pressure  
(baby don't rush)  
You ain't gotta make your mind up  
You ain't gotta make your mind up right now  
Don't rush , no pressure  
(You can take it easy now)  
You ain't gotta make your mind up  
You ain't gotta make your mind up right now  
(And I'll still be right here)  
Don't rush , no pressure

[Outro: Justin Bieber]

Say yeah, say yeah  
You ain't gotta make your mind up right now  
Know I did you wrong  
Let your heart heal  
Don't rush, no pressure
