Justin Bieber

(PYD, PYD, PYD, PYD, PYD, PYD, PYD)  
I'mma put you down  
(PYD, PYD, PYD)  
Down (PYD, PYD, PYD)  
I'mma put you down (PYD, PYD, PYD)  
All the way down (whoa)

[Justin Bieber:]  
From the door to the wall  
Coffee table, girl, get ready  
I'mma put you down (PYD PYD PYD)  
All the way down (PYD PYD PYD)  
From the stove to the counter top  
Dining room table, are you ready?  
I'mma put you down  
(PYD PYD PYD, PYD PYD PYD)

Up the stairs to my bedroom,  
Light a few candles, prepare yourself  
I'mma put you down (PYD PYD PYD)  
All the way down (PYD PYD PYD)  
On a plane, a train, an automobile doesn't matter  
I'mma put you down (PYD PYD PYD)  
All the way down (PYD PYD PYD)

[Chorus: Justin Bieber]  
And it don't make no sense to be that bad  
I'm a take it down on you, babe (PYD PYD PYD)  
Put you down (PYD PYD PYD)  
This will show you how much I love you  
For my appreciation  
I'mma put you down (PYD PYD PYD PYD PYD PYD PYD)  
Oh, 'cause you deserve the best  
And nothing but the best  
So I give you the best you've ever had  
I'mma put you down (PYD PYD PYD PYD PYD PYD PYD)  
I'mma put you down

[R. Kelly:]  
On the roof (baby), balcony (baby), we don't care (baby) who sees  
Girl, I'mma put you down (PYD PYD PYD)  
All the way down, down, down (PYD PYD PYD)  
After the club, in the parking lot  
I don't care anywhere you could pick the spot, whatever  
I'mma put you down, yeah (PYD PYD PYD)  
All the way down, yeah (PYD PYD PYD)  
'Cause I've been doing forensics  
On your body in this club  
I can tell the way you walk  
Your body ain't been touched the right way

It seems your man been treating you like a step child  
Some are out, some are in  
And I'm a get on the floor  
And shut the whole game down  
Until I hear you cheering, babe  
Have you spelling out my name, babe

See, I wanna give my love  
Be your dope man in the bedroom  
You can make me your drug, babe

[Chorus: R. Kelly]  
And it don't make no sense to be that bad  
Oh no, baby (PYD PYD PYD),  
I'm gonna put you down  
Gonna show you how much I love you  
For my appreciation, yeah no ooh  
(PYD PYD PYD, PYD PYD PYD)  
Oh, 'cause you deserve the best  
And nothing but the best  
So I'll give you the best you've ever had  
I'm gonna put you down (PYD PYD PYD PYD PYD PYD)  
I'm gonna put you down, all the way down

[Both:]  
Oh, 'cause you deserve the best  
And nothing but the best  
So I give you the best you've ever had  
I'mma put you down, I'mma put you down, I'mma put you down  
I'mma put you down, I'mma put you down, I'mma put you down

Put you down, put you down, put you down, put you down down  
Put you down, put you down, put you down, put you down down  
I'mma put you down  
Put you down, put you down, put you down, put you down down  
All the way down  
Put you down, put you down, put you down, put you down down  
PYD, PYD, PYD PYD PYD PYD  
I'mma put you down  
PYD PYD PYD PYD PYD
