

# Up

Justin Bieber

Is a big, big world  
It's easy to get lost, baby  
You've always been my girl  
And I'm not ready to go like this

We make the sun shine in the moonlight  
We can make the gray clouds turn to blue skies  
I know it's hard, baby, believe me

That we can't go nowhere but up  
From here, my dear  
Baby, we can go nowhere but up  
Tell me what we got to fear

We are taking to the sky, pass the moon to the galaxy  
As long as you're with me, baby  
Honestly with the strength of our love  
We can go nowhere but up

It's a big, big world  
And I'm gonna show you all of it  
I'm gonna leash you with pearls, oh  
From every ocean that we're swimming in

We make the sun shine in the moonlight  
We can make the gray clouds turn to blue skies  
Yeah, I know it's hard, baby, believe me, oh

That we can't go nowhere but up  
From here, my dear  
Baby, we can go nowhere but up  
Tell me what we got to fear, whoa

We are taking to the sky, pass the moon to the galaxies  
As long as you are with me, baby  
Honestly with the strength of our love  
We can go nowhere but up

Nowhere but  
Oh, whoa, whoa, whoa  
Nowhere but  
Oh, whoa, whoa, whoa

Baby, we were underground  
We are on the surface now  
We are gonna make it girl  
I promise

If you believe in love  
And you believe in us  
We can't go nowhere but up  
Yeah, yeah

That we can nowhere but up  
From here, my dear  
Baby, we can go nowhere but up  
Tell me what we got to fear

We are taking to the sky, pass the moon to the galaxies  
As long as you are with me, baby  
Honestly with the strength of our love  
We can go nowhere but up

Nowhere but up  
Nowhere but up  
Whoa, nowhere but up  
Oh, whoa, whoa

Yeah, nowhere but up whoa, whoa  
Yeah
