

Confetti

Justin Garner

(Chorus)

Throwing confetti, baby get ready
Bet they come get it, cause we throwin' confetti

(Verse)

I been feelin' good
All up in they phoebe, haters cannot see me
What's really good, when they hear me sing my heart out
Baby screamin' louder for me

(Pre-Chorus)

When I make it louder
You came rushing from the top of your lungs
And I won't stop cause it's all yours

(Chorus)

Throwing confetti, baby get ready
Bet they come get it, cause we throwin' confetti
Now we on top, now we on top
I can't believe this is my life
Baby, cause we throwin' confetti

(Verse)

Fiend us to the sky
Make the man stop touching bottles, I ain't frontin'
Sent the roof on fire
Here we go, my nigga, I ain't walkin' out this place

(Pre-Chorus)

When I make it louder
You came rushing from the top of your lungs
And I won't stop cause it's all yours

(Chorus)

Throwing confetti, baby get ready
Bet they come get it, cause we throwin' confetti
Now we on top, now we on top
I can't believe this is my life
Baby, cause we throwin' confetti
